After some problems with the virtual goal line the system worked perfectly. The GLT will be used in the 2018 MW18 BH EURO as well (on two courts).

Based on the test made on some matches of the ebt Finals the system worked properly; further tests in Ulcinj / MNE after clarifying organizational issues.

3. 2018 Education courses for BH referees, delegates and coaches – report

Delegates' course: The IT pre-conditions did not work in the very beginning of the course; also access to the system and the live stream did not work initially. After the first match day the system worked. Level of the delegates' performance increased day by day – at the end of the tournament the performance of all delegates was good.

Referees' course: Out of 10 referees pairs nine passed the course (one pair was injured); the level of the referees was really good.

Coaches' course: 10 coaches reached the level of an EHF BH coach; the coaches were very active and ambitious.
